

J A S

4 Austin Street Seddon VIC

3 1

This double fronted Victorian has moved with the times so that today its wonderful period character is matched by welcoming modern appeal. A wide, elegant frontage and classical facade immediately indicative of its era provide the introduction to a stained glass entrance, central hall and three double bedrooms, all with open fire places, including two front rooms that have preserved their pressed metal ceilings. An inviting living room with its own fire place leads to a kitchen/meals area where further pressed metal ceilings and stone bench tops reflect a balance of period and present day elements. The north facing courtyard's privacy and low-maintenance ease completes the combination. So close to cafes, shops and the station that walking is the best way there.
