18 White Street Footscray VIC

2  1 

Beautifully revived by a renovation of exceptional style, this free standing Victorian reveals faultless spaces behind its elegant façade. A central living room featuring polished floorboards and a delective fire-place preceded by the kitchen/dining area's stone benches, soft-closing storage, stainless steel appliances and glass window splash back. Open plan dining flows through the timber bi-fold doors into the landscaped and paved courtyard which complements a home enjoying ideal proximity to Droop Street trams, Victoria University and Footscray's comprehensive shopping.
